Healthy pallet strapping

Securing loading units ergonomic,
easy and efficient

The Problem

Sick leave

5 days of sick leave per employee per year in every company in average, just caused by **back pain**.

Lack of motivation

Working in a **bent position** is stressful & painful for employees.

Time spent

Most of all companies need **two minutes** for the strapping process, ErgoStrap does it in 40 seconds.

The Solution

Ergonomic

No bending, low risk of injury,
prevent back problems!

Enthuse your employees,
they will be thankful.

Easy

Simple operation, quick training
of your employees and
suddenly strapping is fun.

Efficient

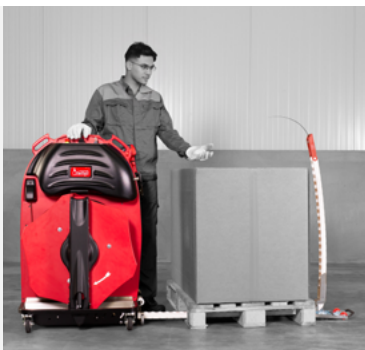

67% faster pallet strapping
ensures more **efficient**
workflows.

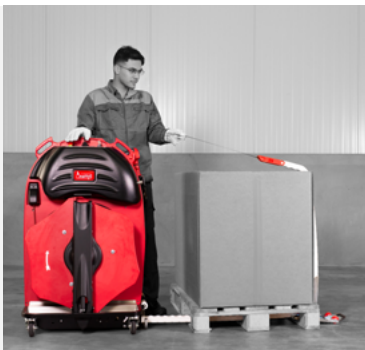

ErgoStrap

unique worldwide ”

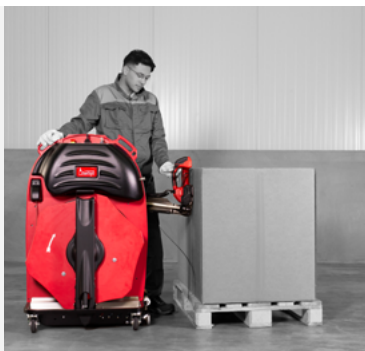

Roll the **ErgoStrap** in front of the pallet. The ChainLance pulls the **strap** through under the pallet.

Up again on the rear side and over the pallet into the hand of the operator. The **ChainLance** retracts.

The **strap lifter** brings the 2nd strap end. The **sealing head** welds the strap securely.

certified & recommended

Back-friendly & awarded

After an extensive examination of the expert committee the "Aktion gesunder Rücken e.V.", a merger of the two biggest German back associations, ErgoStrap GmbH was granted the AGR quality certification for the ErgoStrap Strapping System.

„Particularly recommended“ not only for Aktion Gesunder Rücken (AGR) e. V. but also for **our customers.**
